Racial Battle Boils After Belmont Meet

Belmont was faced with highly controversial racial problems today.

More than 150 Belmont citizens gathered in their city hall Tuesday to form a Civic Improvement Association and found that their announced first order of business proved to be a "hot potato" that was tossed gingerly about among the audience and the committee in charge.

Impetus for organizing was revealed to be concerned with deed restrictions excluding Japanese and Negroes from living in Belmont. No action was taken on any matter at the organizational session. but fervent discussion centered around the proposed plan to insert the qualification in the upcoming deed restriction renewals, that only Caucasians be permitted to live in those areas.

Proposed by-laws for the organization were also read. One section that also brought a flurry of objection from the minority group attending was the rule that anyone in Belmont could apply to join the association, but that anyone could be excluded by a majority vote of the membership.

According to the committee in charge of organization, including Peter Ross, who chairmaned Tuesday's session, Mrs. Lloyd Taft, and E. M. Brooks, the club is being initiated to further civic improvement in Belmont.

At the next meeting planned for May 1, officers will be elected; a name will be chosen and by-laws adopted.

It was the reported minority opinion that slums were not wanted in Belmont, but that adequate housing restrictions would care for the situation, without excluding Asiatics and Negroes by inserting the "Caucasian" clause in the deed restrictions.

The "black-balling section" of the proposed by-laws was also protested by a small group, which felt that the Civic Improvement Assn. should be open to all residents upon payment of dues, if any were prescribed by the adopted rules.

C. of C. Directors Vote Ad Budget

Directors of the Redwood City Chamber of Commerce Monday endorsed the report of its industrial committee and voted to draw up a detailed advertising budget for the year and make arrangements immediately to finance it.

First item in the advertising program was submitted by Mgr. E. W. (Ned) Butler. It was a proposed 26-page booklet listing all pertinent statistics and photographs of Redwood City. Copies of the manuscript were distributed to each board member for inspection.

Pres. Teddy Lauman announced that the plan to erect a chamber of commerce building is progressing slowly but favorably. He expressed hope that a site will be available in the near future.

$110,000 Realty Sale Recorded

Purchase of two parcels of property in the northern part of San Mateo County for an indicated price of $110,000 by Henry Doelger, San Francisco building contractor, was revealed today with the recording of a deed at request of California Pacific Title & Trust Co.

The property was purchased from Mr. and Mrs. Griffith Henshaw. The property adjoins Spring Valley property purchased a short time ago by Doelger and is for subdivision purposes. Doelger said he would make public details of the subdivision in about two weeks.

REDWOOD CITY CASUALTIES:

Two More Added to List, Third Safe in Russia

Names of three Redwood City men appeared on Wednesday's combined War and Navy Department casualty list.

They are:

Seaman 2/c Louis Correa, Jr., nephew of Olga Bastisini of 162 Nueva Ave., who is missing at sea;

Cpl. Milton I. Marcus Jr., son of Mr. and Mrs. Milton I. Marcus Sr., of Palomar Park, declared missing in action with the army and only Wednesday morning reported safe in Russia;

T/5 William T. Lawton, son of Mrs. Mary Lawton, 54 Poplar Ave., wounded in Europe.

Correa, who left his studies at Sequoia High School to enlist in the navy two years ago, has been missing at sea since Feb. 15.

He was signalman aboard a LCT which, with its entire crew, failed to arrive at its destination, believed to be in the Gilberts.

Correa is 19 years old.

A letter from somewhere in Russia Wednesday brought the first word that Marcus is safe after being downed over Germany on Mar. 23 of this year.

Declaring "for obvious reasons I can't give any details," Marcus was top turret gunner on a 15th Air Force B-17 Flying Fortress, and had been overseas since December.

Graduated from Sequoia High School in 1943, the 20-year-old airman entered the service two years ago.

While at Sequoia, he was active in athletics.

His sister, Doris, resides with her parents in Palomar Park.

Lawton, a mechanic gunner with a tank division in the Ninth Army, was wounded in the head in Germany on Mar. 25.

Now in a hospital in England, Lawton has been overseas for 14 months, and participated in the Normandy invasion.

He entered the service in January, 1943, while employed as an automobile mechanic in Palo Alto. He is a graduate of Central School in Menlo Park.

His brother, Frank, is a private in the army, now somewhere in the Philippines.

Narvy Thief

One housewife in Zanesville, O., complained to police that a thief not only was stealing the milk from her doorstep, but was leaving notes ordering cream.

Transportation Tie-Up Delays Hospital Study

Delays in securing transportation have accounted for the failure of Dr. T. R. Ponton, editor of the magazine, "Hospital Management," to arrive in Redwood City where he will make a hospital survey, E. W. (Ned) Butler, manager of the chamber of commerce, declared today.

Dr. Ponton, who is ready to start west as soon as transportation is available, has acknowledged receipt of data furnished in advance of the survey, Butler said.

Do you know this about Produce?

When you serve fresh vegetables, properly prepared, you are providing your family with required vitamins . . . using foods in plentiful supply, and best of all, offering them delicious, delicate flavor obtainable in no other way. Here are some tips on vegetable cookery that will pay you dividends in ease of preparation as well as flavor.

For strong-flavored vegetables, such as onions, cauliflower, etc., use sufficient boiling salted water to cover the vegetable; cook uncovered, drain, and discard cooking water, for it contains disagreeable sulphur compounds.

For spinach, Swiss chard, and other leafy greens, lift washed leaves into a large saucepan containing 1 to 2 cups rapidly boiling salted water, and cook rapidly, uncovered, turning greens once or twice with fork and spoon. Cook until barely tender. Drain and discard water, for it contains objectionable compounds of oxalic acid. Season to taste with butter or margarine, salt and pepper, and serve garnished with lemon wedges.

For red cabbage and beets, cook in small amount of boiling water to which ½ teaspoon vinegar or lemon juice for each cup shredded vegetable has been added, in order to retain bright red color.

Panning vegetables: This method of cooking vegetables in a covered pan with a minimum amount of water—just enough to produce steam—is excellent for nearly all green and succulent vegetables. Shred, dice, or cut vegetable fine. Into a shallow pan with tight-fitting cover put ¼ to ½ cup water, add 1 to 2 tablespoons butter, margarine, oil, or bacon or ham fryings, and heat to boiling. Add the freshly shredded vegetable, (3 to 6 cups), salt lightly, cover tightly, and cook until barely tender, but still slightly crisp—5 to 20 minutes will be ample for most vegetables. Amount of water and shortening and time of cooking will depend upon the kind and amount of vegetable, and on the type of utensil. Less water will be needed when a heavy saucepan is used, as in so-called "waterless cooking". Water should be practically all cooked away when vegetable is done.

Youth Crimes in Redwood City No Cause for Alarm: Cowgill

Probation Officer John S. Cowgill today declined to become alarmed over the fact that for several months there have been more cases at the juvenile home here from Redwood City than from other cities in San Mateo County. He said, however, he is keeping an eye on the situation.

Last month there were 26 cases handled at the juvenile home from Redwood City, compared to nine from San Mateo and two from Burlingame. In February, 22 cases were from Redwood City, nine from San Mateo and two from Burlingame. In January, 13 cases were from Redwood City, nine from San Mateo and one from Burlingame.

Cowgill explained that some courts in the north end of the county are handled differently than here and they counsel their own cases. All of Redwood City's cases, on the other hand, are certified to the juvenile home because of its proximity.

Mrs. Lois Page, welfare worker in the juvenile bureau of the Redwood City Police Dept., likewise declared the setup is different here than other cities in the county. The fact that there are more cases from Redwood City handled at the juvenile home than from other cities does not mean there are more cases of delinquencies here, she emphasized.

Cowgill said that "Judge Francis Murphy of San Mateo, for instance, realizes we do not have sufficent personnel and he handles most of his cases up there. Last year he sent us only 16 cases."

Cowgill, however, said there is more non-supervised night life in Redwood City than in San Mateo and Burlingame, causing some delinquent cases to be referred to him from here.

Mrs. Page said that for a while corrections were needed at public dance halls here, but she said that after she made an investigation the management promised co-operation and conditions have improved. Girls under 18 years of age are not allowed at public dances at Foresters' Hall unless accompanied by a parent or guardian, she said.

When dance permits were requested for Foresters' Hall at Monday night's council meeting, Councilman C. C. Armstrong asked Police Chief C. L. Collins if there were any conditions which would lead to a denial of the permit.

Chief Collins replied, "Not at the present time."

Meantime, Cowgill said his department is cracking down on parents who neglect their children. Of 26 cases from Redwood City last month, 11 were "neglect" cases — cases in which the father is in the service and the mother is working or both parents are working and fail to provide adequate care for their children.

NO WARD WEEK THIS SPRING

This ad does NOT present WARD WEEK, which usually comes at this time of the year. It does announce, however, a selection of timely merchandise, at Wards traditional low prices. Some of the items have been cut in price, too, in full accordance with the War Production Board's regulations on such matters. But, because these regulations won't permit us to cut *all* the prices, and because merchandise shortages prevent us from bringing you *all* the things you usually expect in WARD WEEK, we do not feel justified in calling this a Ward Week sale. Of course, we all *expect* shortages these days! But in spite of shortages, we think you'll be pleasantly surprised by the merchandise in this ad. Study it carefully. You'll find that Wards, as always, brings you the *best quality possible*, at the *economy prices* traditional at Montgomery Ward.

YOU GROW YOUR OWN RATION POINTS WHEN YOU PLANT A

VICTORY GARDEN

The vegetables you raise this summer, and preserve for next winter, are just like extra books of ration stamps. And *this year* the extra food you grow may be needed more than ever before. The canned tomatoes and beans that you don't *buy* (because you're growing your own) are the canned tomatoes and beans that can be shipped to our fighting men everywhere. *Plant a Victory Garden!*
